

PROSPECTUS

Admissions 2015

Foreword

Ashcroft

Dear Parent

I am privileged to write this introductory letter for Ashcroft Technology Academy's Prospectus. It is my pleasure to invite you to consider the excellent quality education that we offer. At Ashcroft, we teach the full National Curriculum but with an added emphasis on Maths, English and Science. Our academic, sporting and cultural record throughout the last seventeen years has helped establish our excellent reputation. Our GCSE results are exceptional, being consistently well above the national average and our Sixth Form Results have placed us in top position amongst Wandsworth Schools over the last three years. We continue to invest substantial amounts of money in our ICT resources, in our Performing Arts facilities and in our Science and Technology curriculum areas.

At Ashcroft Academy we insist on high standards for our staff and for our students. Our teachers provide a stimulating and disciplined atmosphere in which students flourish and succeed. We believe that each child has skills to learn and qualities and talents to be developed which will make the most of his or her potential. Everyone is valued as an individual. We are ambitious for the future and provide learning opportunities which are challenging and exciting for all our students. It is our intention to develop young people who are adaptable, tolerant and resilient; who want to work hard so that they can take their place in society with the necessary skills, confidence and self-reliance. We expect a high level of commitment and endeavour from students towards their education as well as very high standards of personal appearance and behaviour.

The contribution of parents as partners in supporting your child's education cannot be over-estimated. The greater the interest shown by parents, the more successful the child will be. We look forward to and **expect** full support and co-operation from parents. Accepting a place at Ashcroft Academy means your child will be expected to continue in full-time education up to the age of 18 following an extensive range of academic courses. Choosing Ashcroft means that *you will be committing your child to a longer working day and a longer academic year than is usual in most secondary schools.*

I hope that after reading this prospectus you will agree that Ashcroft Academy is the best place to secure your child's education and prospects for the future. **Please only apply if you support our values and our ethos and if you will abide by our policies, some of which are contained in this Prospectus and others of which are on our website.** If you do, I look forward to meeting you and to working with you to ensure a happy and successful education for your son or daughter. If you have any questions please do not hesitate to contact me.

The Academy will be holding its **Open Evenings on Monday 15 and Tuesday 16 September 2014** and **Open Mornings on Thursday 18, Friday 19 September 2014** for you to visit and meet staff and students.

I would, however, remind you that you must submit an application on your local authority common application form and return it to them by **31 October 2014**. However parents are strongly encouraged to apply by **24 October 2014** so that their application can be checked and acknowledged before the final closing date. If you want your child to be considered for a Specialist Place at the Academy you must complete the supplementary Specialist Place Application Form, and return it to Pupil Services at Wandsworth Town Hall by the same date **only** if you live in the Borough of Wandsworth. If you live outside the Borough please return your specialist application form to Ashcroft Technology Academy by the date above.

Yours sincerely

Marcus C J Barker
Principal

Chairman of the Executive Board

Heritage

Ashcroft Technology Academy is the new name for the highly successful ADT City Technology College. The new Academy is sponsored by Lord Ashcroft, KCMG, who was also the founder sponsor of ADT College. Building on the highly successful tradition and reputation of ADT College, Ashcroft Academy, with £13million pounds of new buildings and refurbishment, offers new and wider opportunities to achieve the highest possible standards of learning for our students.

Our mission

Ashcroft Technology Academy will prepare young people for living, learning and working in the future.

It will:

- provide students with a well-resourced education with a strong vocational emphasis for high quality learning,
- be characterised by a combination of high expectations and standards, innovative thinking and a broad and generous view of supporting young people,
- focus on achieving high quality examination results, as well as promoting the personal and communication skills required to maximise employability,
- have genuine commitment to inclusion at the core of its ethos and values,
- have a business-like ethos underpinned by a belief in values and attitude such as hard work, honesty, integrity and respect for others,
- recognise the importance of working with and supporting a wider family of schools to improve education within the community,
- have effective and innovative systems for employing, deploying and developing teaching and associate staff.

Charging & Remissions Policy

Charging

Ashcroft Technology Academy provides free education to all its students throughout their education with the Academy. Within this provision the Academy recognises the valuable contribution that a wide range of additional enrichment activities such as clubs, day trips, residential trips and experiences of other environments can provide for each student's all round educational experience, aiding their personal and social development. It therefore aims to offer a broad programme of trips and activities accessible to as many students as possible.

The Academy Trust reserves the right to make a charge to parents in certain circumstances and whilst ensuring that no child should have their access to the curriculum limited by charges, it is necessary to establish and maintain a fair and coherent system of charges where these are deemed necessary.

The following is a detailed list of when charges may be made, bearing in mind the above:

- music tuition for which there is a parental agreement and where it does not form an integral part of the curriculum or part of the syllabus for a prescribed examination.
- trips which take place mainly outside of Academy hours. Board, lodgings and travel costs will be charged for residential trips, subject to statutory exceptions. The board and lodging element of any trip/residential during school time may also be charged as would the cost of outdoor pursuit courses.
- where student inappropriate behaviour requires the replacement of defaced, damaged or broken furniture, fixtures and fittings or fabric of the Academy or other facility, whilst acting as a representative of the Academy.
- lost or damaged learning resources, text or exercise books.
- the cost of materials or ingredients required in a practical subject where the teacher requests such contribution if the student and/or parents have indicated in advance that they wish to own the finished product.

In the case of examinations, charges will be made in the following circumstances:

- where a request is made for accreditation in a subject that is not a normal part of the student's Academy programme.
- when a request is made for a different form of accreditation to that advised and provided by the Academy.
- when a student is entered for an examination but without good reason/medical certification, fails to sit the examination that the Academy has paid the entry fee for
- when a student has failed to meet the entry criteria for a certain examination but still wishes to be entered. Such fees would be returnable upon achievement of the required grades in the subject.

Voluntary contributions may be invited for trips that take place mainly within Academy hours. No student may be excluded from the trip through an inability to pay, but the Academy reserves the right to cancel the trip if the level of contributions does not meet its budgetary requirements.

No student will be excluded from any trip or visit because of an inability to pay, providing it is a necessary part of the work of the academy.

Remission

In cases where charges are to be levied, parents must be advised in advance and monies collected prior to the activity. The Academy provides a one-off travel assistance grant for students whose parents are in receipt of qualifying state benefits, which can be accessed once during each student's education with the Academy. A 50% reduction in music tuition fees is also provided for students whose parents are in receipt of such benefits.

This policy will be kept under review and parents will be notified in writing of any changes as and when made.

The Academy year consists of 5 terms, each of approximately 8 weeks except Term 4 which incorporates an Easter break.

For example: the term dates for the academic year 2015/2016 are:

Staff Development	Tuesday 01 and Wednesday 02 September 2015
TERM 1	Thursday 03 September – Friday 23 October 2015 (Y7) Friday 04 September – Friday 23 October 2015 (Y8-11)
Term Break	Monday 26 October – Monday 02 November 2015
Staff Development	Monday 02 November 2015
TERM 2	Tuesday 03 November – Friday 18 December 2015
Term Break	Monday 21 December 2015 – Monday 04 January 2016
Staff Development	Monday 04 January 2016
TERM 3	Tuesday 05 January – Friday 12 February 2016
Term Break	Monday 15 February – Friday 19 February 2016
TERM 4	Monday 22 February – Friday 27 May 2016
Staff Development	Thursday 24 March 2016
Easter break	Thursday 24 March – Friday 08 April 2016
Bank Holiday	Monday 02 May 2016
Term break	Monday 30 May – Friday 03 June 2016
TERM 5	Monday 06 June – Friday 22 July 2016

Academy day

The Academy opens at 8.30am.

Facilities are available up to 5.30pm each evening for students to undertake supervised private study.

The restaurant is open from 7.30am each morning for parents, staff and students to have breakfast.

There is an early morning sports and fitness provision from 07:45 to 08:15 each day.

Information about Admissions 2015

General

- **Applicants must reach the age of 11 during the year 1 September 2014 to 31 August 2015 inclusive; immediately preceding entry to the Academy.**
- Each intake will, as far as possible, represent the full range of ability and will also reflect the social, economic and cultural character of the area.
- All unsuccessful applicants will remain on the banded waiting list until 31 October 2015 (when the list expires) pending the occurrence of a vacancy.
- From 1 November unsuccessful applicants will be listed on the waiting list by distance until the end of the academic year when the list expires.
- Due to the very high number of enquiries it will not be possible to offer prospective parents individual visits to the Academy.
- Last year there were 1232 applications for the 210 places available.

Admission Procedure

The Trustees of the Academy are responsible for the arrangements for admitting children.

Admission Criteria

Specialist Places

Up to 21 places will be allocated on the basis of an aptitude for Design & Technology and Information Technology.

All applicants for a specialist place should complete a supplementary application form (located towards the back of the 'Choose a Wandsworth School' Brochure for Wandsworth residents or available from the Academy for those living outside of the Borough). All applicants will be invited into the Academy to take a short test for aptitude in Technology. It should be noted the aptitude test does not apply to in year admissions.

General Places

All applicants for a Year 7 place will be placed in one of five bands, based on their score in the Wandsworth Year 6 Non-Verbal Reasoning Test. Once the specialist places and places for students with a Statement of Special Educational Needs have been allocated, the remaining applicants will be placed into one of the five ability bands (A-E) and places allocated on the basis of the oversubscription criteria detailed below so that equal numbers are admitted from each band.

The criteria will be applied for each individual band in the order set out below:

1. Children in public care (children looked after) and those who ceased to be children looked after because they were adopted, or because they became subject to a residence order, child arrangements order or a special guardianship order;
2. Children whose siblings currently attend the Academy and who will continue to do so on the date of admission; (i.e. a natural brother or sister, or half-brother or sister, or a legally adopted brother or sister or half-brother or sister; who lives with them at the same address at the date of application and will continue to do so on the date of entry to the Academy);
3. Children whose parent(s) has been employed by the Academy for a minimum of two years at the time of application;
4. Children who live nearest the Academy using Wandsworth's Council straight-line distance from home to school, as measured by Wandsworth Council's Geographical Information System.

Appeals Procedure

Applicants refused a place at the Academy will have the right to appeal against the decision to an independent admission appeal panel established under the School Standards & Framework Act 1998.

How to Apply

Please complete the common application form is available from your local authority and, if applying for a specialist place, the application form is available from the Academy.

How places were offered last year

The following information is only a guide to give you a better idea of whether your child might be offered a place for September 2015. The situation can change from year to year:

- Total number of applications received for Ashcroft Technology Academy: 1232
- Total number of places offered at Ashcroft Technology Academy: 210

Steps in the Admissions Process for 2015 Intake

NOTE: THE NEW ACADEMIC YEAR STARTS 3 SEPTEMBER 2015!

For more information please email admissions@ashcroftacademy.org.uk

Curriculum Information for September 2015

Students at Ashcroft Technology Academy follow a two-year Key Stage 3 followed by a three-year Key Stage 4.

Key Stage 3 (Years 7 & 8 only)

Year 7 students study all of the following subjects: Science, English, Maths, French, Design & Technology, Art, Geography, History, Information & Communication Technology, Religious Studies, Drama, PE/Games and Music.

The Year 8 programme follows a very similar pattern to Year 7. The way in which the teaching time is divided amongst the different subjects is indicated in the chart below.

All students in Years 7 and 8 follow an extension programme. This currently focuses on Enterprise and Industrial Understanding and extends the normal subjects of the National Curriculum.

Key Stage 4 (Years 9, 10 and 11)

Students in Years 9, 10 and 11 follow courses which lead to GCSE.

At Ashcroft Technology Academy KS4 students spend a minimum of 28.5 hours in taught lessons each week.

CPSE

All students take part in the Academy's Citizenship, Personal and Social Education (CPSE) programme. This occupies about one hour a week and seeks to prepare students for the skills and attitudes they will require in the adult world. It is based on the five cross-curricular themes outlined below:

- careers guidance and understanding
- education for citizenship
- economic and industrial understanding
- environmental education
- health education

Sex Education

The health education programme includes aspects of sex education in which we aim to develop an understanding of personal development and human relationships within the context of each student's life. Topics covered will be appropriate to the age and stage of development of the students involved and will encourage students to develop their values and their sense of moral responsibility. The Science programme will support the CPSE programme with the teaching of human reproduction.

Parents are advised of their right under the 1993 Education Act to withdraw their child from sex education lessons that are not part of the National Curriculum. If you do wish to withdraw your child you should write to the Principal stating your reasons. Currently no child is withdrawn.

Learning Support

Students with Special Needs, including those with Statements and particularly gifted children, are able to obtain extra help and guidance with their studies from the Learning Support team. There is a specially equipped Learning Support suite within the Academy, staffed by three fully qualified Learning Support teachers. To assist them in their work the Academy also has a Welfare Support Assistant and a Nurse. The Academy contracts Educational Psychologist support to assist in the process of diagnosis and support for students with special needs.

Learning Support takes the form of supporting individual students within the classroom as well as by withdrawal of small groups or individuals for extra work with basic skills. Wherever possible programmes are arranged to minimise the effect on the main curriculum. The Learning Support team also offers advice and strategies to staff to assist them with their teaching of students within their classes who may require extra help and guidance.

Religious Studies

The Academy has no religious affiliation. As part of the Statutory Curriculum all students follow a programme of Religious Studies in which, through the study of major world religions and philosophical beliefs, the Academy seeks to promote knowledge, understanding and tolerance. The development of values, attitudes and a variety of skills is encouraged together with an ability to reflect upon wider social, ethical and moral issues which are relevant to today's society. Parents may withdraw their child from religious education and from attendance at collective worship by written application to the Principal.

Careers Education and Guidance

Many opportunities exist for exploration of, and involvement with, the world at work through curricular and cross-curricular initiatives, problem-solving exercises, projects, work-shadowing, observation and work experience for students and teachers. Careers education forms an integral part of all students' experience. At Ashcroft Technology Academy each student will receive :

- A structured programme of careers education, guidance and industrial understanding delivered through Years 7-13;
- A Year 9-11 curriculum that focuses on option choices; self concepts and the world of work; the application of information search skills; personal action planning; the understanding of patterns of employment; visits to careers events; preparation for work experience; individual Careers interviews; Year 11/Sixth Form transition planning; job searches and preparation and completion of the student's progress file;

- A two week work experience placement in Year 10 and 12, augmented by a training programme, a teacher visit during the placement and written feedback from the employer;
- Constant and consistent access to our independent Prospects Connexions Personal Advisors;
- Open access to a comprehensive careers library;
- Lectures and seminars from leading industrialists;
- Advice on personal action planning and target setting.

Pastoral Care

Pastoral care at Ashcroft Technology Academy is based on the philosophy of “developing care, understanding and mutual respect”. We are seeking a joint approach from all those involved and connected with the Academy, the staff, students, parents/guardians – an approach which is based upon a recognition of the dignity and self-esteem of each individual.

The Pastoral System is organised by Heads of Year (HoY) supported by Learning Mentors and Form Tutors. HoYs lead the year group of which your son or daughter will be a member and retain an overview of his or her academic progress and pastoral welfare. Learning Mentors have direct responsibility for supporting good behaviour and may well contact you concerning your son or daughter if there are pastoral issues to resolve. The HoYs are responsible to an Assistant Principal or Deputy Principal. This system focuses on supporting all students to ensure that they reach their full potential both in terms of their learning as well as their personal and social development.

Every student will also be a member of one of the four Houses in the Academy. Each House is made up of a vertical group of forms – allowing all age groups to belong to a common grouping. The four Houses are each led by a member of the Academy's Leadership Group and provide opportunities for healthy "in Academy" competition.

Arrangements for Sport

The Physical Education programme allows students to develop physically, mentally, socially and morally through a well-balanced curriculum and enrichment programme. Ashcroft Technology Academy promotes the quest for sporting excellence via the pursuit of inter-school fixtures and the year round House competition.

In the first three years students all receive approximately 2 hours of Physical Education each week. Over the course of the year, in curriculum time, this breaks down to the following allocation: Games 50% which includes football (boys and girls), rugby, hockey, netball, basketball, cricket, rounders, softball, tennis, badminton, volleyball, table tennis; Gymnastics 25%; Athletics 20% and Outdoor and Adventurous Activities 5%.

In Years 10 and 11 all students have approximately 2 hours of Physical Education per week. This consists of a care programme with option to specialise in Athletics, Gymnastics, Outdoor Education (Duke of Edinburgh's Award) or Swimming. They also have an opportunity to experience another area of activity as a recreational sport. Over the two years the time allocation is Games 44%; Specialism 33% and Recreational Activity 23%.

Sixth Form students also have a session each week where there are Academy based activities, as well as offsite activities. Students can choose to work towards qualifications such as CCPR Leaders Award, Life Saving in swimming or a First Aid qualification as well as playing recreational sport.

The Academy runs many sports clubs. Clubs are operated for football (boys and girls), rugby, hockey, netball, basketball, cricket, rounders, softball, tennis, badminton, volleyball, table tennis, athletics, gymnastics and trampolining. Inter-school fixtures are undertaken in many of these areas with added competition coming via entry into local, regional and national sports competitions. Outdoor pursuits are followed via the Duke of Edinburgh's Award Scheme.

On the site there are three gymnasia; 2 equipped for gymnastics, 2 with basketball courts, one with cricket nets, one with a volleyball court and 2 with a badminton court. Outside there are 3 netball/tennis courts, 2 other hard play areas and 2 small grass areas for training purposes. Approximately 2 miles away, Ashcroft Technology Academy has its own sports ground at Openview. This has pitches for football, rugby, hockey and cricket. There is also a 400 metre grass running track.

Security

Ashcroft Technology Academy employs state of the art security technology, in closed-circuit television, which is sited both internally and externally as well as intruder detection systems and access control on all its entrances. The Academy also has a modern and comprehensive fire detection system. Both the fire and intruder systems are linked to a central monitoring station to ensure 24 hour coverage, seven days a week.

Access to the main Academy buildings for students and visitors is carefully monitored. Identification badges are issued to all visitors and are also worn by the staff and Sixth Form students.

Discipline

Ashcroft Technology Academy has a simple Code of Conduct with two overall aims:

- a) To encourage and develop responsible behaviour from our students;
- b) To demonstrate clearly to a student when his or her behaviour is irresponsible or otherwise unacceptable.

A system of clear sanctions is operated which includes an Academy detention session each evening for students who break our code of conduct. Acceptance of a place at Ashcroft Technology Academy will be assumed to include agreement with the sanctions policy including Academy detentions, Inclusion Unit and Exclusion. Parents are strongly advised to read the Academy's Behaviour Policy as this rigorous and detailed policy is applied fairly and evenly to all students.

Complaints

Ashcroft Technology Academy is very concerned to provide the highest quality of education service for its students. It has a full Customer Service Policy which can be obtained directly from the Academy.

The following policies are available on request or can be downloaded from our website (www.ashcroftacademy.org.uk):

- Bullying
- Child Protection
- Health & Safety
- Behaviour Policy
- Complaints Procedure
